

SUPPORTING THE NHS STAFF AT YEOVIL AND DORCHESTER HOSPITALS

Thanks to the public's amazing support, this campaign to show our appreciation to NHS hospital staff has been hugely successful!

"Thank you for all of this hard work, it really is appreciated. As you can imagine the stress levels are quite high at the moment, so being able to support our staff with these items will bring a much needed morale boost." Yeovil District Hospital

"As you can see the staff were absolutely delighted to receive these gifts and were really overwhelmed with our ongoing support and generosity. It certainly brought a lot of cheer and smiles and perked everyone up." Dorchester Community Hospital

From mid-January to the end of February 2021 – 5,000 products have been delivered to Yeovil and Dorchester Hospitals containing anything from hand creams to lip balms, bath oils and scented candles.

Our special thanks go to the following companies and businesses for their generous support:
